

# Start Your Team Today!

Global Challenge has Launched

Program registration is open until all the spots are filled.

**THEME:** Explore living in and traveling through space.

Gather your crew and get ready to explore, challenge and innovate in the demanding and inspiring expanse we call space! The 2018/2019 **FIRST**® **LEGO**® League season requires you to work together to break out of your earthly constraints. Do you have what it takes to go INTO ORBIT<sup>SM</sup>?

## FUELING CURIOSITY

**FIRST** LEGO League challenges kids in grades 4-8; ages 9-14 to think like scientists and engineers. During the INTO ORBIT season, teams of up to 10 students the chance to research a real-world challenge, then innovate and develop their own solution through designing, building, and coding LEGO® MINDSTORMS® robots to perform autonomous "missions" on a playing field.
